Katanga to Host Progress Report Webcast

LONDON, UK April 4, 2007 – **Katanga Mining Limited** (TSX – **KAT**) will host a live webcast and conference call on April 11, 2007 at 9am Eastern Standard Time to provide an update on the progress of its Kamoto Joint Venture in rehabilitating mines and plants near Kolwezi in the Democratic Republic of Congo.

The webcast will be at: <http://events.onlinebroadcasting.com/katanga/041107/index.php>. Alternatively, to listen to the conference call, dial 1 800 565 0813 (toll-free in North America) or +1 416 695 9706 (outside North America). A presentation will be viewable on the webcast and there will be an opportunity both online and on the conference call to ask questions.

Arthur Ditto, President and Chief Executive Officer will give an overview of recent developments at Katanga and Rick Dye, Senior Vice President, Technical Services will give a detailed review of progress to date at the site.

The webcast (audio and presentation) will be archived at the same location and the presentation available on Katanga's website, www.katangamining.com, immediately after the webcast. The conference call will be available for replay for seven days at 1 888 509 0081 or +1 416 695 5275, pass code 642776.

To learn more about Katanga Mining Limited, please visit our website at www.katangamining.com

Katanga Mining Limited is becoming significant in global copper mining by rehabilitating mines and plants near Kolwezi in the Katanga Province of the Democratic Republic of Congo.

The site is getting ready to ship copper in December 2007. By 2011, the complex will produce 150,000 tonnes of refined copper and 5,000 tonnes of refined cobalt a year and will be among the world's lowest cost producers.

The Company is listed on the Toronto Stock Exchange under the symbol KAT.
